

Our commitment to your Safety

Welcome to your temporary home away from home!

Especially right now, we are committed more than ever to do our best for our customers wellbeing.

As an experienced and trusted provider of RV rentals for over 20 years, we maintain highest standards for the cleanliness of our motorhomes.

We implemented additional measures to ensure the safety of all our customers. All procedures adhere to the guidelines provided by the Centers for Disease Control and Prevention (CDC) on COVID-19:

- All cleaning processes are done just by us, no third-party contractors, to ensure our high standards.
- Our facility is equipped with hand sanitizers and proper cleaning equipment.
- We have further enhanced our cleaning processes by thoroughly disinfecting the RV before every rental.
- The cleaning products are all approved to kill COVID-19.
- We ask every customer to self-screen before we accept the handover of our RVs and offer sanitizing products on handover of the RV.

In addition to our efforts we also ask you to do your part and follow the CDC-Guidelines for a safe environment:

- Wash your hands with soap and water for at least 20 seconds
- If soap and water are not available, use hand sanitizer with at least 60% alcohol
- Avoid touching your eyes, nose and mouth
- Practice social distancing and avoid close contact with other people
- Cover your mouth and nose when around others with a face mask or face cover
- Cough and sneeze into your arm, not your hand
- Clean and disinfect frequently touched surfaces

If we all do our part, RVing is probably the best way for a great and memorable vacation!

So now ENJOY!
